

Together,
sharing and preserving a living memory

The *Lieu de Mémoire*, a memorial museum which opened in June 2013 in *Le Chambon sur Lignon*, is not a traditional museum. It is a unique space, dedicated to a collective and living memory. It tells the remarkable story of the "Haven Mountain", *la Montagne Refuge*, which refers not only to the history of World War Two but also to the personal and family histories of many inhabitants of *Le Chambon* and the surrounding villages : the stories of the Righteous who risked their lives to save others, and of the Jewish children who were sheltered and hidden, as well as of the refugee families.

Joining the association "*Les Amis du Lieu de Mémoire*" (Friends of the Chambon Memorial Museum) means participating fully in its role of preserving and sustaining this living memory for future generations. The association also aims to forge special ties among a larger community, people here on *le Plateau* and also throughout France and internationally, who care about the story of *Le Chambon* and its neighboring villages.

The aims of the association "*Les Amis du Lieu de Mémoire*" are :

- To gather among its members all those who wish to show their support of the *Lieu de Mémoire*
- To promote the museum and promote awareness of its activities
- To provide support including opportunities to volunteer to help organize events, such as meetings, lectures, exhibits and educational activities

Benefits granted to members:

- Free and permanent admission to the *Lieu de Memoire* with membership card
- Special members-only meetings and private events
- A newsletter
